THEME

OH VERY YOUNG

Oh very young what will you leave us this time
you're only dancing on this earth for a short while
and although you're dreams may toss and turn you now
they will vanish away like your daddy's best jeans
denim blue fading up to the sky and though you want them to
last forever you know he never will you know he never will
and the patches make the goodbye harder still

oh very young what will you leave us this time
there'll never be a better chance to change your mind
and if you want this world to see a better day
will you carry the words of love with you
will you ride the great white bird into heaven
and though you want to last forever you know you never will
you know you never will
and the goodbye makes the journey harder still

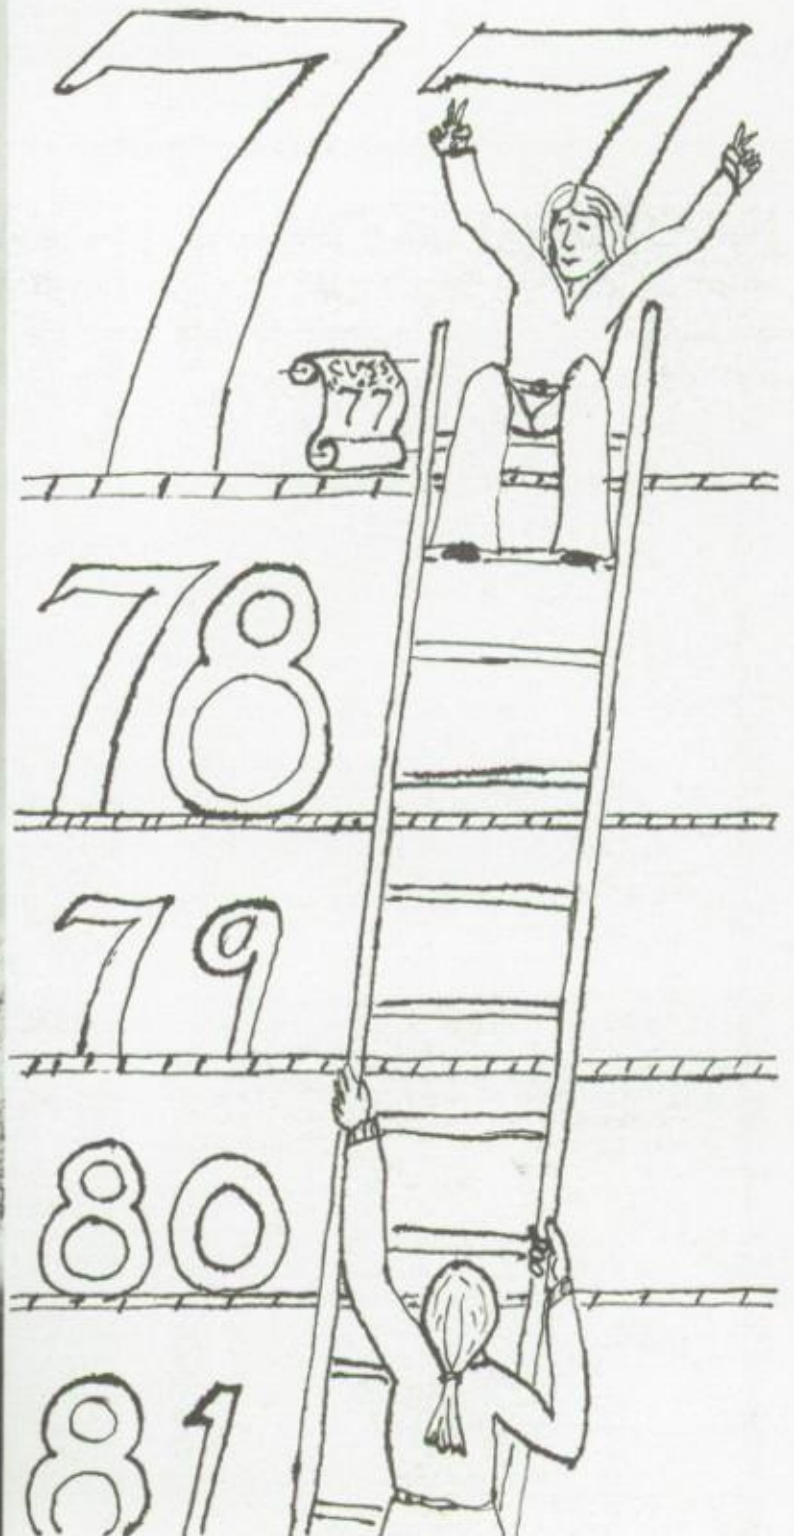

oh very young what will you leave us this time
you're only dancing on this earth for a short while
oh very young
what will you leave us this time

DEDICATION

We the Senior class of 1977 wish to dedicate our yearbook to the Westport High School's underclassmen. You have made it clear that you are concerned for your fellow man, for the world, and for your future years. The ways you have chosen to demonstrate your concern and feelings about student rights have shown a high level of maturity. You have been criticized, but you will survive and so will your worthy aspirations.

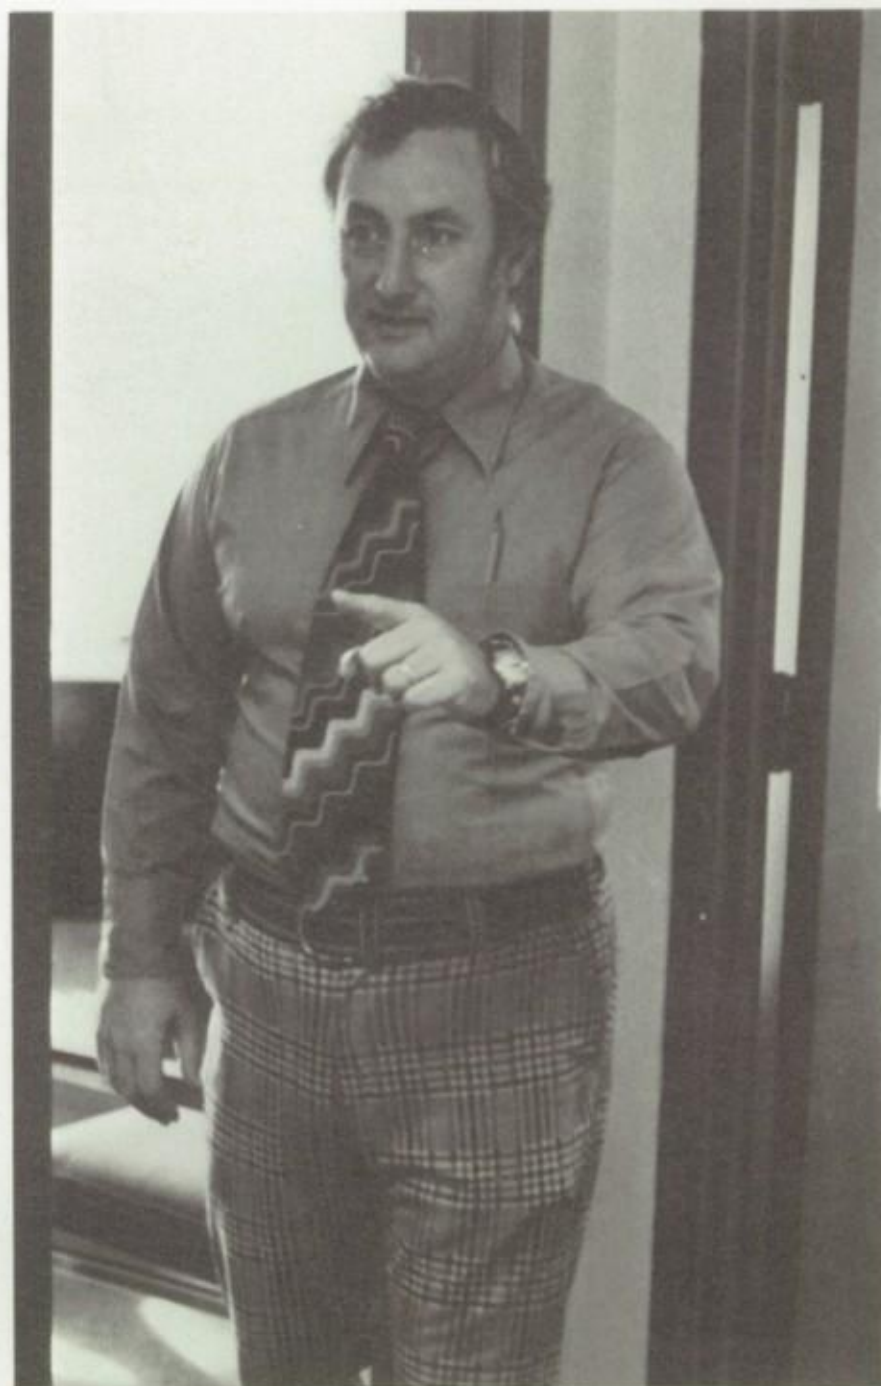

We believe you will carry on the friendships, that you will keep that ever binding trust between the students and administration. We wish you well in your future years at W.H.S.

ADMINISTRATION

ADMINISTRATION

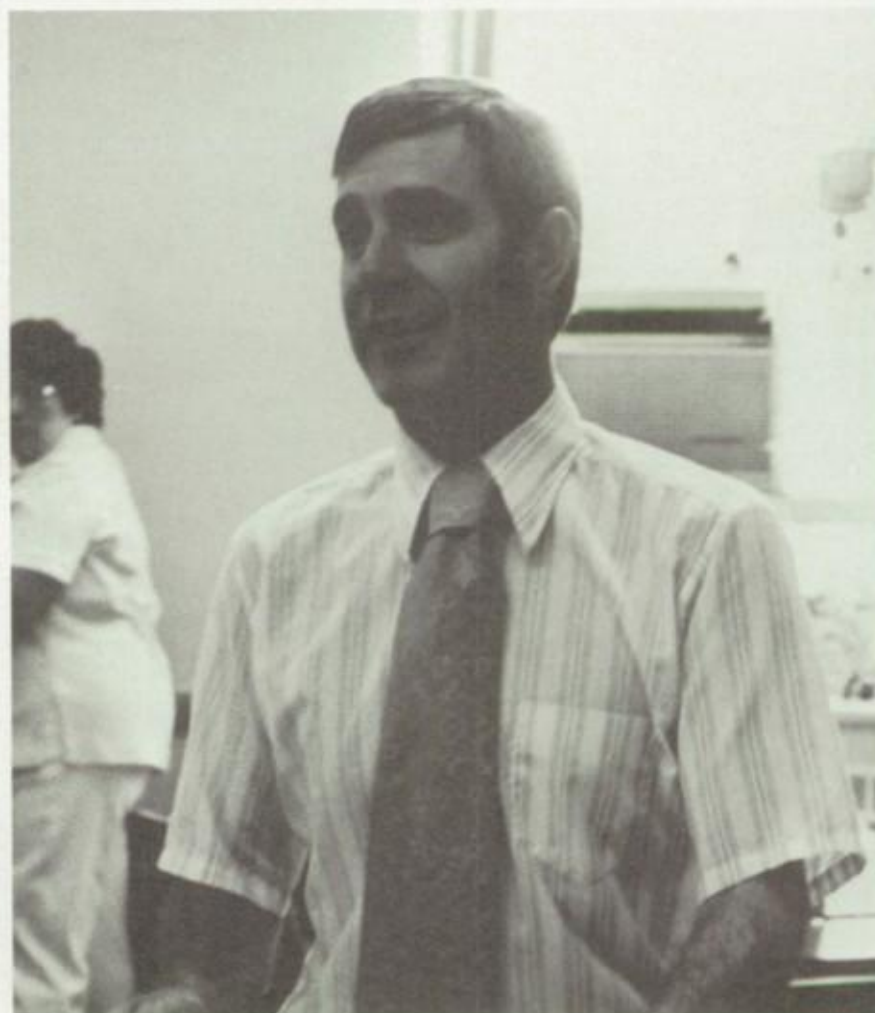

As Mr. Flynn's second year as Principle of Westport High School comes to an end, we seniors feel he has improved the school system by listening to the students. We feel Mr. Menard understands the students and does the best he can, compromising with the entire student body

As freshmen we were quite a mess
As sophomores we could pass the test
As juniors we were quite a flop
But as SENIORS we were at the top

The time has come for us to leave
Our high school days of make believe
to venture forth and spread our wings
And leave behind our childish flings

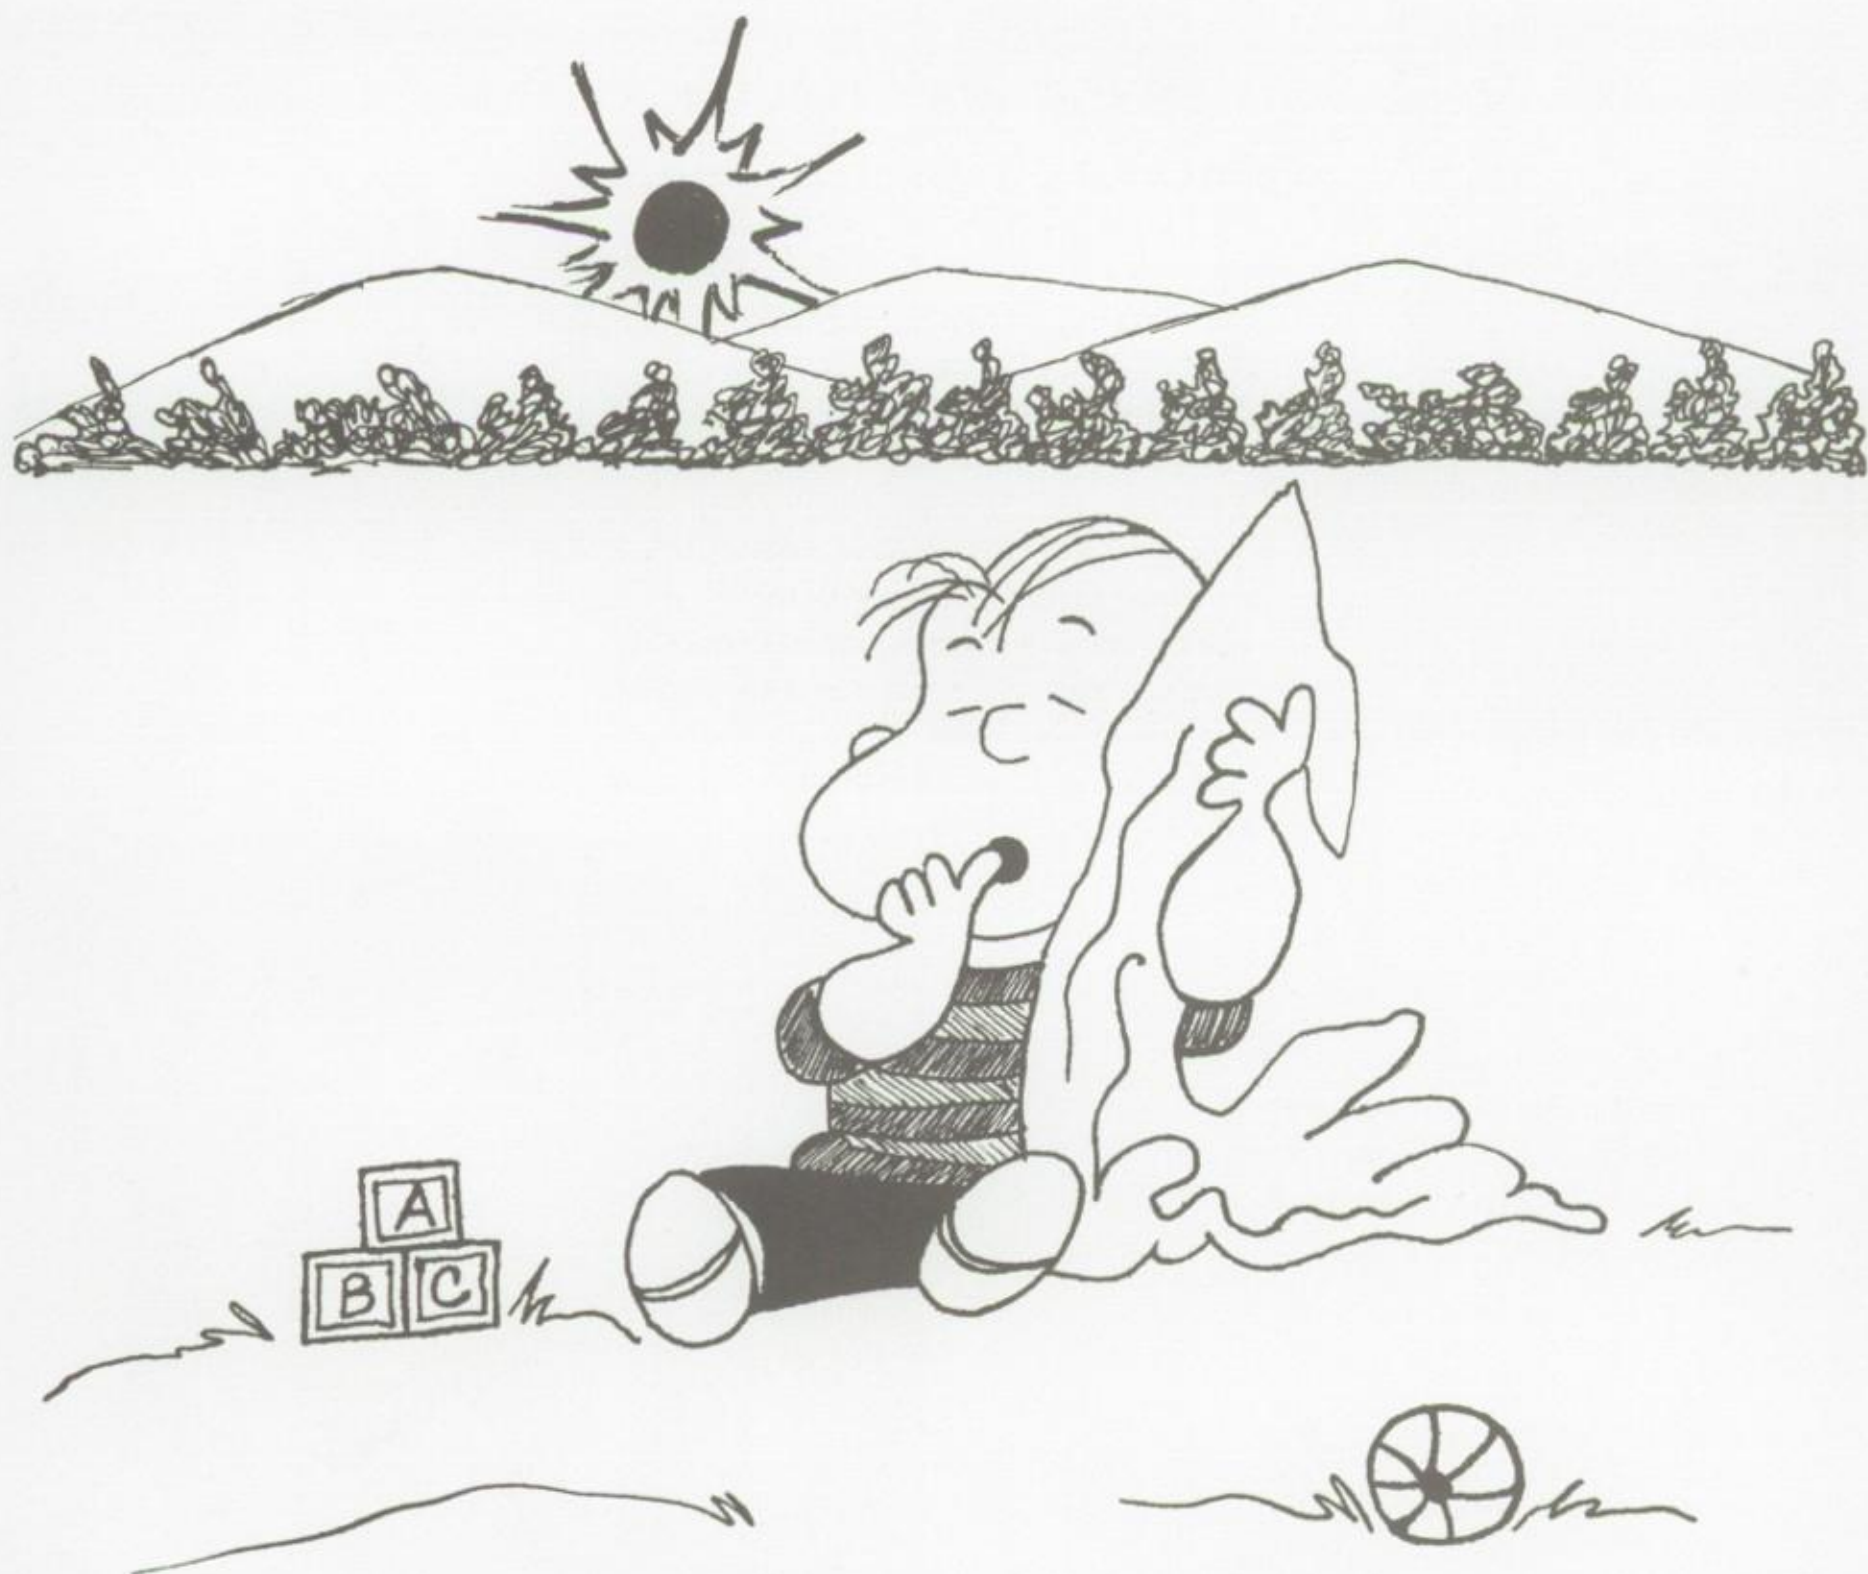

Like writing letters during class
And walkin' the halls without a pass
Or trading answers for a test
Puppy love and all the rest

Yes, four years have come and gone
And our lives are newly born
But as we meet the world outside
Like frightened babes, we'll try to hide

Yes, the time has come for us to leave
Our high school days of make believe

CROSS COUNTRY

Due to the fact that the Cross Country team had trouble finding a coach, their season was cut short, Mr. Kelly, a student teacher at the school took the job but had very little time to prepare the team. Although the team never won a meet they showed a lot of spirit for a team that had a very little turnout of players.

As we the Class of 1977 leave Westport High School, we wish to thank two very important men who helped our senior year here at W.H.S. be a very important year in our lives. Mr. Kevin Phelan, our class advisor who guided us through three of our four years at W.H.S. helped us raise money through cake sales, paper drives, dances, suppers and the snack bar to pay for our prom, which was held at the Shearton Islander Hotel on Goat Island, graduation and yearbook. In late September, another man by the name of Mr. Richard Dean took over as our yearbook advisor and helped to organize and design the yearbook. So to Mr. Phelan and Mr. Dean, thank you very much for all your time and dedication in making this year an important year in our lives.

our sm yr. will be better.
Good luck this summer +

Lisa,
We've come
this far so I
guess we can make
it the rest of the
way. Remember Boring
Chemistry and our goofy
gym class. Good luck always
I'll see you next year in
homeroom — A.F.A. Karen

Lisa,

I'll always remember the time
we spent about two hours in Jums
just waiting for a movie to start.
Let's do it again sometime. Thank
goodness Chemistry is almost over.
I don't think we can take much
more. Have a fantastic summer.
I hope you get to be a swimming
instructor.

Love
Mary Beth 1977

Lisa,
I'm so glad we
finally became good friends.
I really got to know each other.
I'll always remember Jums and
how we talked for — what was it —
2 hours? Have a wonderful summer
a good luck in everything you do!
Love,
Your good friend

Lisa,
wishes for a
fantastic future to a
girl that is crazy, fun-loving
and hates her (the feeling's mutual!)

Lisa,
Well, a whole 'nother
year gone. And to
think we made it
through chem. even
if we did "compare"
answers every now and
then. Have the best
summer ever. Hope
to SEE ya again.
Good luck
have Donna

Lisa,

It was a fun year and
I hope next year is twice
as fun. Remember the torturing
hours of french. "THE THREE
MUSKETEERS" You're a great
girl, stay as you are and
you'll be happy.

Love Always,
Donna

Lisa
Good luck in all
you do and maybe
we'll run into each-
other when we're sailing
(that's all I need, I run into
enough things) Remember
all the super times in
Chemistry and how we
loved that class. Keep sailing.
See you at the yacht club.
Love
Debbie

Just
you have
put up with
a lot of wise cracks
from me but I hope
you take them with a smile
you know I'm money foolin'.
have good luck
Chico next year
